

## The 2<sup>nd</sup> floor Ingredients Listing for All Menu Items

Thank you for dining at The 2nd floor. We take the health and safety of all members seriously; this is a commitment that can be seen throughout the food and beverage department here at The American Club. Each of our F&B staff have undergone a full day training program on food allergies and working with diners that have food related allergies and intolerances. This training program was designed by the Culinary Institute of America and has been regularly administered by our training team with annual follow up refresher courses.

To extend further assurance to our members with dietary considerations, we will be regularly updating the below list of all menu and all component ingredients.

Each menu item will be tagged with a standardized icon denoting any and all of the major allergens contained within that menu item. These allergens are dairy, eggs, nuts, and shellfish. Additionally, we will denote which of the items are gluten free or vegetarian and which items contain pork products. *Any item that is deep fried will be fried in vegetable oil that may carry residues of other foods that have been fried in the oil. Wheat flour is default flour used; other flours will be named in the list.*

While the club does take all health related matters seriously, we would like to remind members that we do handle each of the allergens listed and they are present within the club. We undertake all reasonable precautions to reduce the risk of your exposure to these products.

Should you have any further questions regarding this information, please contact the outlet manager.

<b>STARTER</b>
<b>SEMI-CLASSIC CAESAR SALAD</b>     Baby romaine lettuce, poached egg, parma ham, croutons, grana padano, mayonnaise, Lea & Perrins Worcestershire sauce, salt & sugar <i>Add Smoked Salmon</i>
