## CHESS SPARK

Chess is known as a noble game – “a game of kings”, and it is no coincidence, as it takes and develops similar skills.

Chess Learning helps to develop thinking skills, enhances mental prowess and directly contributes to academic performance and makes people smarter in a variety of ways, like allowing one to be more focused through the teaching of the benefits of careful observation and concentration.

Come join us and Chess Spark for fun and engaging Chess classes where at the end of the program, participants will be able to walk away with the basic knowledge of Chess and be able to advance to the next level!

### About the instructors:
